Relevant Experience

Senior Software Engineer @ Nethues Technologies Pvt. Ltd.

Nov 2019 - Present // Rohini, Delhi

- Developed and maintained Magento 2.X and Adobe Commerce websites.
- Customized Magento themes and modules to meet specific client requirements, enhancing website functionality and user experience.
- Implemented Axerve and Dojo payment solutions within Magento/Adobe Commerce, ensuring secure and seamless transaction processing.
- Led the migration of various e-commerce platforms to Magento, overseeing all aspects of the project from planning to deployment.
- Built custom Magento modules to extend core functionality and address unique business needs.
- Optimized database queries (MySQL) to improve website performance and scalability.
- Resolved critical production issues related to Magento and Adobe Commerce, minimizing downtime and ensuring business continuity.
- Developed and implemented RESTful APIs to integrate Magento/Adobe Commerce with ERP systems (e.g., Merlin, Exact Online), automating key business processes and reducing manual data entry.

Web Developer @ Cumint Pvt. Ltd.

Nov 2017 - Oct 2019 // Noida, U.P.

- Developed and customized modules/extensions for an e-commerce website platform based on Magento 2 and Magento 1.
- Troubleshooted and resolved a variety of technical issues, including bugs related to customizations, theme conflicts, compatibility problems, version discrepancies, and installation errors.
- Leveraged and customized Magento 2 APIs to enhance website functionality and integration with external systems.
